The competition was suggested to the school by Kathryn Docherty which was a wonderful idea and something that we will hopefully have more of in the future.

Eloise was presented with a Praktika Slimpix digital camera with software for a PC, by Jonathan Hoare the editor of our illustrious village newspaper. Which we hope she will have much fun with.

Congratulations Eloise, we will be looking out for your name in the years to come amongst the entrants for the Turner prize.

Baah, Baah! It's a Prize Lamb.

The Rauceby Parish News is proud to announce the winner of the year four drawing competition held at Rauceby School. The winning entry was from Eloise Gasson of a solitary lamb basking in a glorious yellow sun, with lush green grass beneath its feet and a blue sky with fluffy clouds.

Clearly this lamb is experiencing far better weather than we are at present, but the picture will no doubt make us all feel that much brighter.

Winner of the Rauceby School, year four drawing competition, Eloise Gasson receiving her prize a Praktika Slimpix digital camera and software from Jonathan Hoare, editor of the Rauceby Parish News.

LONDON ROAD, SLEAFORD. (NEXT TO R.W.MARSH)

Hello? - Richard Slee - Ceramic, mixed materials - 2004 - H 470mm

‘Deviants’ - Peer into the subversive world of craft!

Deviants is a Crafts Council exhibition showing at Hub: National Centre for Craft & Design, Sleaford, from 26 July – 31 August 2008, 10am – 5pm, Mon – Sun, admission is free and will be followed by a UK tour.

Deviants is an exhibition of 16 curious pieces from the Crafts Council’s Collection that deviate wildly from what we think of as traditional craft. These pieces are by ten of the UK’s leading craft makers, including Jill Crowley, Carol McNicoll, Richard Slee and Hans Stofer. All of the makers on show are highly skilled in the age-old techniques of their particular craft, yet skills in the hands of these maverick makers become utilised in very different and unusual ways. We are presented with playful, mischievous and bizarre aberrations of familiar objects; teapots with legs, an unfurling jug, a pot with ears or a glove with 25 fingers. The ordinary becomes the extraordinary and the functional becomes the dysfunctional.

Accompanying the exhibition is an alternative gallery guide written by the Dundee-based writer and artist The Lonely Piper. Through his own musings and imaginative stories about each piece, The Lonely Piper captures the unconventional essence of these deviant objects. For him, Henry Pim’s A Pot with Ears “spies on its owner by covertly eavesdropping on conversation”, Hans Stofer’s Grape Trap “portrays a grape imprisoned for the crime of being not green enough” and Angus Suttie’s Teapot is “a painted clay celebration that’s not for the prudish of nature”

Deviants delights and disarms in equal measure and provokes many different reactions; a chuckle, a squirm, a quizzical look. Whatever the reaction, this subversive face of craft challenges us to look at objects with new eyes and set our imaginations free.

Time For A Big Picnic

The news that there is not going to be a fete this year must have been a big disappointment to all. There is a consolation though, as Mrs Hoare is happy to announce that she will be opening her gardens to all between 12 and 5pm on the 22nd of June for a picnic.

You will have to make your own entertainment, as none will be organized. This should be no hardship as there is plenty of space for the kids to run about in, thereby letting us old folk relax and enjoy the afternoon.

The other bonus is that the previous day there will be a wedding, and all will have the use of the marquee and other facilities. So even the fine British summer can not deter you from coming out in your hoards for what will promise to be a fun afternoon of picnicing and whatever you wish to make it.

There is a rumour that there may well be a ‘teas tent’, which of course would not be same with out those all important sticky cakes. There is also a good possibility that there might be some background music, but we will just have to wait and see.

So get yourselves in the mood, pack that hamper and come and join us for the ‘big picnic’.

Gardening Club News

Hazel Hunt - Club Secretary

On Wednesday, 14 May, a group of fifty-two members and friends set off by coach to enjoy a visit to the excellent Quarry Garden and Nursery of David Russell at Baginton near Coventry. This is a beautiful garden of rhododendrons and azaleas and the nursery contained some exquisite examples of clematis which many of us purchased.

After a lunch and a look around in Warwick, we spent the afternoon at the Mill Garden, which is in a most dramatic setting, just outside the walls of Warwick Castle. Julia Russell, David's wife, continues to develop the garden begun by her father. A lovely garden by the river, in warm afternoon sunshine, was a delightful way to round off the day.

This year's Coffee Morning and Plant Sale on Saturday, 19th April was again a great success. We would like to say a big thank you to everyone who helped and contributed and for all the support we received on the day. The details may be viewed on our notice board in the Village Hall, but we were able to add over four hundred pounds to club funds. Thank you again and well done everyone.

Our next meeting will be on Tuesday, 9th September at 7.30pm in the Village Hall. Dr Furness will be coming from Calver in Derbyshire to give us a talk entitled, "Gone to Seed." Always a popular speaker, we are sure this evening will prove as enjoyable as ever.

Following this, on Tuesday, 28th October at 7.30pm in the Village Hall, Brian Barnes from Southport will talk on "Autumn Fruits of the Countryside."

We are always pleased to see new members and you can be sure of a warm welcome. Do come along and try us out.

Church News

Work has progressed well with the windows with no unforeseen major problems identified. It is hoped that the works should be completed within the next three weeks or so. The completion of this project is seen as another important milestone towards ensuring the well-being of the fabric of St Peter's Church.

A great vote of thanks must go to those of the community that over the past decade have put an

enormous amount of time and effort into fund-raising and setting in motion the necessary works. All this volunteered effort has gone into ensuring the preservation of St Peter's for the community's future generations.

Mr Ian Graham told the Rauceby Parish News "It is most gratifying to see the progress that we as a community have made and will continue to make to preserve St Peter's fabric. It is an achievement we should all be very proud of". He also added "We can be all the more thankful, when you hear of so many of our important buildings of heritage, remain in such a state of disrepair and even total abandonment".

The next fund-raising event for St Peter's Church will be the picnic on the 22nd of June, which will no doubt be a fun day out for all. For a full list of services, please see the events diary or consult your copy of the monthly Church newsletter.

RAUCEBY

SHORT MAT BOWLS CLUB

Ralph Mundy - 01529 488213

Rauceby Bowls have finished commendable runners - up to Conningsby in the local league following a difficult season. The last match saw them narrowly defeated at home to the eventual champions.

Rauceby Short Mat Bowls Club continues to meet on Wednesday afternoons at 2.00pm and Friday evenings at 7.30pm. They would be happy to welcome anyone interested in joining them.

Rauceby Women's Institute

WI News

Margaret Mundy - President

Meetings are held in Rauceby Village Hall at 7.15pm the first Thursday in the month. Visitors are always welcome. If you wish to obtain information with regard to joining or any of our events please contact either the President - Margaret Mundy on 488213 or the Secretary - Barbara Roberts on 488488. The programme for June to September is as follows:

On June 5th 'Colour me Beautiful' with image consultant Louise Harding. Competition - an evening bag and flower of the month.

August 7th brings us 'Mosaics with Egg Shell' a demonstration and workshop with Tracy Creedy. Competition - an egg cup and flower of the month.

And on September 4th, a favourite with all the ladies, a visit to 'Hanson's Chocolate House' in Folkingham. Yum! Yum!

Don't forget to put the date of the 'Harvest Supper' in your diaries, which is Saturday October 18th.

New Village Hall Website Launched - Simon Bland

Rauceby Village Hall is proud to announce the launch of its new website.

The site features some history about the hall, and importantly a calendar of events. We are keen to have any additional information about the hall, and photographs of events held in the hall over the years and any information that current hall users have about their clubs and organisations. In addition the village can help us raise funds for the hall, by visiting the site fund-raising page and shopping via over 500 high street names in support of the village hall.

Look, Listen and Learn at Lollycocks!

Theresa Hobbs - Countryside promotions officer

Enjoy an afternoon in the sun, for all the family! Join us at Lollycocks Field Nature Reserve, Eastgate, Sleaford, for an afternoon exploring the

wildlife of Lollycocks on Saturday 23 August 1pm to 4pm.

Go pond dipping with WatchNK ranger, John Feneley, and learn what lives beneath the pond's surface. Places will be limited by the number of nets so please feel free to bring your own net and bucket!

Join our story telling and listen to tales of tree spirits and witches - and learn how our ancestors used nature to frighten them away!

If you're feeling arty join artsNK's clay modelling workshop and make a clay tile decorated with your nature finds.

Pit your wits against a wildlife quiz trail from Cogglesford Mill and learn more about the wildlife all around you!

There's lots going on so, look, listen and learn for all the wonderful things on Lollycocks!

For more information contact Sleaford Tourist Information on 01529 414294 or visit www.countrysidenk.co.uk

Climate Change - What's The Answer?

It is a proven statistic that our county has one of the best rates of recycling in Britain. It seems we are deeply concerned as to the causes and effects of climate change. It is disturbing that only a small percentage of that waste is ever recycled. Much of it ends up in land fill. The recycling facilities just can not cope. Perhaps by placing it land fill, with fifty years of nature doing its bit, the waste could be mined for recycling.

It is amazing just what nature does for us, cleaning the air, filtering the water amongst a few. What is the answer? When industry continues to produce accumulative toxins and dumps into the waterways and oceans, affecting not only the water but all the organisms within it, not to mention air pollution.

We expect developing nations to listen to the mistakes that we have already made. Will they listen? Doubtful, after all they are all fighting for their own economic growth.

We put up with soaring taxes on fuel and road tax, when the percentage of pollution of entire planets road vehicles amounts to about 5% of the damage caused to the environment.

We need to demand that hydrogen powered vehicles are made affordable and available to all. The fuel industries have world-wide control of government policies. Their influence needs to be expunged. What of the factors that contribute to the other 95% of damage to the environment. Are these being addressed?

If we are going to make a difference, then as consumers we need to force industry and the worlds economy to change. Perhaps by the way we consume. Perhaps by buying locally farmed produce, limiting travel, insisting on non fossil fuel forms of transportation and energy, planting more trees, and taking a good look at our consumption and what it means to the planet, then we could make a difference.

Changing a light bulb to a low energy bulb is not enough, when the energy it uses is produced from fossil fuels. We need to demand that our energy only comes from renewable sources.

The alternative is that we as a race will become extinct. Then the planet will have a chance to regenerate. Not an ideal solution as far as the human race is concerned.

If things are going to improve we need to do something. We can't just rely on the politicians. It's everybody's responsibility. It would be nice for future generations to look back at this time in our history and see that we all cared enough to make a difference. To see this as a revolution, a turning point, a new age. It's not about flower power, its about our survival and that of our planet, as we know it.

We need to do something today, not tomorrow, or next week, but TODAY!.

Village Hall News

Ralph Mundy - 01529 488213

At our AGM in April Simon Bland joined the committee and Paula Ireland became the new hall secretary following retirement of Jean Ward. Simon has set up a Village Hall website so anyone with access can now find out all about the hall, our programme of activities and much more by going to www.raucebyvillagehall.co.uk. I shall continue to contribute this piece to the Rauceby Parish News for those of you, who, like myself have not kept pace with modern technology. There will of course be far more information on the website and it will be regularly updated. SO WHY NOT VISIT OUR WEBSITE - TODAY!

Bookings still have to be made over the telephone by ringing, Niki Orley on 488369, But you can now check availability at the website. You will see that the hall is in regular use for pre-school, bowls,

dance classes and many other activities. Niki would be more than happy to take your calls if you wish to join them or book the hall for your own parties, classes or celebrations.

Neighbourhood Watch Column - James Malloch

The daylight hours are lengthening and, hopefully, as warm weather is on the way many villagers will be spending more time in their gardens. It is now a good time to check the locks on your sheds and ensure that mowers and other equipment is stored securely overnight. Security marking of valuable gardening tools is always a wise precaution, and whilst marking doesn't guarantee the safety of your items it does make them a lot easier to identify if they are recovered later.

Please remember to cancel newspapers (including the Target) and instruct the Post Office to hold your mail if you are away on holiday. It is also wise to ask a neighbour to put out your bins and look out for any deliveries during your absence. There are many tell-tale signs that opportunist burglars look for. Don't give them any clues.

Lincolnshire Police are regularly sending Neighbourhood Watch co-ordinators information concerning 'distraction burglaries.' There have been several incidences in the surrounding area this year and we need to be vigilant. As most of you will know this is the practice where one person keeps a householder in conversation at the front door whilst his/her accomplices sneaks around to the rear of the premises and enters via the backdoor searching for money and valuables.

We should always insist on cold callers producing identification to legitimise their visit, and ensure that we check that rear doors are locked before opening the front door to people we are unsure of.

We can all play our part by ensuring that our elderly and infirm neighbours are not left alone to deal with this type of situation.

There are people in the villages that do not have regular contact with other folk and they may welcome a bit of help from time to time. This could be an extension of the Neighbourhood Watch brief.

News From The Parish Council

Simon Frere-Cook - Chairman

CHAIRMAN'S REPORT FOR YEAR
MAY 2007 – MAY 2008

The Council met on 6 occasions throughout the past year (May, July, September, November, January and March). I would like to thank the Parish Councillors for the time and effort that they have individually and collectively put in during the year on behalf of the Parish, and particularly I would like to thank Mrs Niki Orley, our Clerk, for the work that she has done on our behalf during the year.

At its meetings, the Council has been well supported by Councillor Mrs Susan Waring, our District Councillor, and Councillor Barry Singleton, our County Councillor, and I would like to thank them for their support.

I would also like to thank on your behalf our Neighbourhood Policing Team Manager, Constable Andy Ross, and our local Police Community Support Officer, PCSO Colin Ironmonger, for the support and advice that they have offered our community throughout the year. Fortunately we are in a relatively low crime area in Rauceby, but they have always been available when required and I am pleased to report that we are involved in the Neighbourhood Policing Model.

I am pleased to report that as a council we have not had to deal with any major issues during the past year but I would just like to inform you of a few of the matters that have concerned us:

Planning Permissions – The Council's Planning Sub-Committee addressed all applications in an appropriate manner, making reference to the full Council and submitting representations when necessary. We have continued to monitor the developments at Greylees and Boiling Wells Farm and we will continue to do so.

Traffic Through The Village – The Council continues to express its concern at the increasing volume of traffic that passes through the village – speed limits and weight restrictions are under constant review.

Road Sweeping – The Council has continually pestered the District Council about the road sweeping in the village in the autumn and winter. Last year, while the standard achieved was not

perfect, it was better than it might have been and we received less complaints than usual. As with all such matters, it is down to resources within the District Council.

Parish Inspection – we have not received an annual visit and inspection since Mar 2007, but I am pleased to report that the points that were discussed then have all been actioned, particularly the kerbing of the roadside at the top of Thorpe Drove and the edge repairs along Rauceby Drove. We will, I hope, be having a 2008 visit from the Sleaford District Highways Area Manager for LCC, Mr Ian Cummings, in the near future.

Parish Partnership – Cluster Group – Cllr Ian Graham represented the Parish at a District Council meeting on the subject of Parish Partnerships and how this might affect Rauceby Parish Council. It was his recommendation that the Parish Council need not be actively involved with the group as there was no benefit to be gained but that we should maintain contact for future reference. This is what we are doing.

Jim Holton Memorial Bench – the Parish Council were in favour of a hardwood bench being placed on Rauceby Drove in memory of Jim Holton and accordingly commissioned Peter Tree to make one for an agreed sum of £350.00. The bench should have been installed before Easter but this has been delayed slightly.

South Rauceby Drains – the matter of the foul smelling drains on the corner by The Manor in South Rauceby is on the Council's agenda as a priority.

To conclude this Annual Report I would like to thank on your behalf ; Mrs Annie Higginson, for cleaning our bus shelters throughout the year. Mr Jonathan Hoare and his team of contributors and helpers for the Parish Newsletter which is a very commendable publication. Mr Albert Whitton – trimming verges around trees/signs in South Rauceby.

Those residents of North Ruaceby who maintain the area around the Butter Cross in such a neat and tidy state throughout the year. Without singling out any individuals, all those members of the parish who collect ever increasing amounts of litter that are dumped on the verges and elsewhere.

The next Parish Council Meetings is on Tuesday 8th July 2008. The agenda for this meeting will be displayed in the parish notice boards.

ERIC BELLAMY

04/09/1934 TO 20/02/2008

Mr. George Eric Bellamy, aged 73, died suddenly on 20th February in South Rauceby. He leaves his wife Stella, daughter Sue, son Colin, daughter-in-law Nicky and two grandchildren, Alys and Harry. Eric was born in Rauceby and lived here throughout his life. He attended the village school, moving on to Sleaford Secondary Modern School before leaving to work on the family farm. He continued with this career until his recent retirement.

Eric was a busy member of the village community, serving on various committees including the Parish Council and the Village Hall. He was able to turn his hand to any job that needed doing around the village, from maintaining benches to tidying up the village hall grounds.

Eric was a very active member of the village bowls club of which he was a founder member and he enjoyed organising matches and socials with other local village clubs.

In recent years, Eric resumed his bell-ringing for both pleasure and local church services. He was also a keen whist player, enjoyed wood-turning and supporting the local farmer's discussion group. Eric and Stella had been married for nearly 49 years and throughout this time had enjoyed a variety of holidays together, visiting places in the UK and abroad.

Eric's Thanksgiving service took place at St Peter's Church, North Rauceby to a large congregation

with donations shared between Lincs. and Notts. Air Ambulance and Rauceby Church. Arrangements by Allenby's of Anwick.

Our deepest and warmest condolences go out to Stella and the family.

LAURENCE WINTER

14/09/1942 TO 12/04/2008

Laurence Winter or Lol as he liked to be known was born at Crowland Farm, Ancaster. He went to Wilsford primary school where he first met Doris Rear, who became his wife on the 14th September 1963. He continued his education at Leadenham secondary school, but preferred working with his father, Abe, who was stockman to the Ireland family at Ermine St Farm.

He had a great talent for fixing things and as well as learning his trade as a tractor driver, spent periods with the farm mechanic, George Burbidge, in the workshop. Last December was his 50th year of working with the Ireland family.

He and Doris had four children and with their partners produced eight Grand children. Family was always utmost in his thoughts. They enjoyed many happy holidays in their touring van, later transferring to a static van at Ingoldmills.

He had a great enthusiasm for flying and building model aircraft. Also for IT, and built himself several computers, and was at hand to help scores of others with their computer problems.

Our deepest condolences go out to Doris and the family.

3 May – 8 June 2008.

Automake and FutureFactories is a collaborative exhibition of innovative digital design to be held from 3 May – 8 June at the Hub: National Centre for Craft & Design. Automake and FutureFactories brings together the work of two renowned practitioners – Justin Marshall (craftsperson/maker) and Lionel Theodore Dean (industrial designer) - who both work at the cutting edge of digital design in the UK.

Waste Not, Want It! - Sustainable design solutions by East Midlands designers. 14 June – 20 July 2008

DESIGNERS from the region are challenging society's throwaway culture with an inspiring collection of beautifully handcrafted furniture, textiles, lighting and jewellery, made from everyday waste.

The project, initiated through Design Factory, started last year, when Design Factory set its members a challenge to design and produce a range of design solutions and products utilising waste materials. Designers have spent 6 months rising to the challenge and exploring new creative possibilities. 13 member's concepts and ideas have now been selected for an exhibition at the Hub: National Centre for Craft & Design. The show will run in the Roof Gallery from 14 June to 20 July 2008.

Designers have transformed all sorts of everyday items into pieces of art. Waste Not, Want It! highlights how waste materials can be reused, recycled, reclaimed and recreated into sustainable design products and solutions. Designers taking part in the exhibition are: Tineke Van der Eecken, Daniel Bell, Jo Pond, Jo Lloyd Rugs, Jane Willis, Hannah Loble, Stella Corral, Jason Taylor, Jo Cope, Laura Ellen Bacon, Rachael Dunn, Both Textiles and Massey & Rogers.

Phil Cosker, Hub Director, said: "We are very pleased to be working with Design Factory on this show for a number of reasons; not least amongst them is that we are developing a research centre that will focus upon sustainable product design. Sustainable design is a crucial area that will significantly affect the way we deal with sustainable communities and economies in the 21st Century."

A series of events, talks and workshops will be created around the exhibition, for more information visit www.thehubcentre.info. For more information on Design Factory and its members visit www.designfactory.org.uk. Photos left from top clockwise: String Cans by Jason Taylor Light by Stella Corral and The Wizard of Oz, a beach hut design as part of the **Bathing Beauties™** exhibition tour.

Bathing Beauties™: Re-imagining the Beach Hut for the 21st Century'

An international exhibition of over one hundred models designed by artists and architects, which re-imagine the British beach hut for the first time in three hundred years. A Hub Touring Exhibition which commences at the beautiful Midland Hotel, Morecambe Bay, Lancashire from 21st June – 20th July 2008 and takes in the Biennale de Montreal, Canada in May 2009.
